

EMERALD VALLEY NATURAL HEALTH

THE *Natural* ALTERNATIVE IN HORSE HEALTH CARE

SPRING IS FAST APPROACHING...

and you will need that grooming box and first aid kit stocked with the best products you can find to combat and remedy winter's woes. Conditions such as dry skin, rain rot, thrush, sweat, and lowered immune systems can be attributed to the unusually harsh winter experienced all over the USA. Emerald Valley's Tea Tree topical line and liquid herbal supplements like Immuzim are the best products to stock up on now to save hassle in the future.

Looking for ways to save some money?

Emerald Valley is offering a great giveaway on Facebook, we also offer buy 3 get one FREE on our Mashies! As always, we will take \$10 off each 44 pound bag of Formula 4 Feet when you buy 2 or more! FREE shipping is available when ordering 4 gallons of herbal products like Evitex and Ultimate Flex.

Soothex Cream Reformulated! Now with Jojoba Oil

Our long time, best selling tea tree topical Soothex, has been reformulated to give you all of the benefits that you expect and now with Jojoba Seed Oil!

Just one 16 ounce bottle of Soothex could last you the entire season as your all around ointment, fly repellent and first aid solution. Tea Tree Oil is anti-fungal, antibacterial and antiviral, so if you and your horse are on the road this season, always be ready to combat the barrage of elements that could keep your horse from his peak ability.

Soothex eases skin discomfort, itching and soothes skin irritations. Recommended for use on rainrot, scratches, mane and tail rubbing, insect bites, saddle sores, etc.

A must for the first aid kit - 8 oz. \$13.95, 16 oz. \$21.95

Sheath Cleanse

Whether you own a gelding at your own home or operate a large breeding facility, Emerald Valley's Sheath Cleanse is second to none. It may not be the best job to do, but having the best product is a must.

Emerald Valley's Sheath Cleanse is made with Tea Tree Oil, is easy to apply and always rinses squeaky clean. Don't forget if you own a mare, there are places she needs washed as well. Dirt, dust and sweat can build up in their udders, which can be quite irritating and itchy for them. She will thank you for it!

Cleaning a horse's sheath and mares udders will also help them move better and keep flies away. Sheath cleaner can also be used for other forgotten areas as well, such as under the tail. Helpful Hint: If you have a horse that is rubbing his tail now, it may not even be his tail that he is trying to itch! He could be trying to itch under his tail as well!

Help Us Build Our Fan Page!

Emerald Valley's facebook page is getting bigger and better everyday. The more fans we have, the more specials we can offer. RIGHT NOW we are offering a **FREE mash with purchase of Soothex and Sheath Cleanse**, so become a fan today and take advantage of our offers.

We are also working on more education based "Notes" and "Discussions", as well as keeping you up to date on seminars, webinars and events that Emerald Valley will be participating in.

Take the Bran Out of Your Mash!
SuperMash & SavVyMash Special! Buy 3, Get 1 Free*

Both mashes are designed as a sound, healthy and natural treat or feed without the extra sugars. Based on the internationally successful Speedi-Beet, these mashes are a great addition to your horse's feeding program, whether it's for extra hydration, a hot winter mash or just as a treat! Limited time offer! Discount will be taken when order is processed.

Gold Sponsor Of The 2011 Show Season At Lamplight Equestrian Center

Emerald Valley is proud to be the Gold Sponsor of the Lamplight Equestrian Center 2011 Show Season in Wayne, Illinois. The Lamplight show season runs from late April through mid-October, during which time there are eight weeks of "AA" rated hunter/jumper shows and grand prix's. The highlight of the show-jumping season is Lamplight's two-week Equifest, held in late July and early August. Equifest attracts riders from across the country, Canada, and Mexico and has become one of the country's premier equestrian events.

Lamplight's five dressage shows are among the largest dressage competitions held in the United States. While dressage and stadium jumping is held on the Lamplight grounds, the 2,000 acre forest preserve located adjacent to Lamplight provides a perfect setting for eventing competitions. Novice through advanced cross-country courses have been constructed for these events, and the preserve is available for competitions hosted by Lamplight.

Emerald Valley will be in attendance during the weeks of July 22-24 and 26-31 for the Summer Dressage and Equifest. Demos and product samples will be available. Stop by to see the Speedi-beet demo.

Visit www.lamplightequestriancenter.com for the show season schedule and more information.

Emerald Valley Goes To Wisconsin

MidWest Horse Fair, Madison, WI
April 15-17, Booth 5052
